

April Showers bring May Flowers and Happy Easter

As you have noticed, our main entrance is undergoing major change!

Pine straw is going to be put down in common areas and under the direction of our outgoing chairman of landscape Harry Dalton and newly appointed chairman Forrest Forbes. We are working on making pine straw available again to Craft Farms residents. Please remember to fill out your order for pine straw and send it to Cindy Woodson as well as a copy to your village representative.

Please note that should you wish to have a new mailbox or post please contact Cindy Woodson at 948-3039. Also, note that we Do Not come out to paint your box or post.

Please remember to take your trash and recycle containers out on day of pick-up and in by the end of pick-up day.

If you wish to read any additional news etc., please see the Craft Farms website at craftfarmspoa.com.

If you have questions please be sure to call your respective representative for your village.
