

Craft Farms Property Owners Association

May Insights

The board asks your cooperation in the following matters to include all homeowners living under Craft Farms by-laws and covenants: we do have specific restrictions for cars that are being parked on the street as well as on the lawn of said property. Please refer to page 20 section 7.21 to clarify restrictions.

Also, remember to pick up after your pooch as a courtesy to the many walkers and bikers who are on our streets. You'd want that same courtesy. Gulf Shores does have a leash law so please keep your dog in control. We've had instances of a dog running after bikers and walkers. They don't know your dog is friendly!!

Enjoy these beautiful pictures of our main entrance in progress. It is very colorful and there are many varieties which will encourage butterflies and hummingbirds to say the least. More to come on the other two entrances to the east and west.

A big shout out goes to all the fathers and grandfathers out there for a job well done. Please also remember those who are no longer with us but etched on our hearts and in our memories. Have a safe start to the summer!
