

# *Craft Farms Property Owners Association*

## *October Insights*

### *WELCOME FALL*

*The Board would like to let you know approval was given for Cindy Woodson to change from a contractor to an employee of the Board. This will be effective on January 1, 2018.*

*You have probably seen tree trimming going on in some of your villages As it has become apparent our trees need attention. Therefore, a scheduled tree trimming will begin for our Villages.*

*Pinehurst and Royal Glen entrances are beginning to have much needed attention to landscaping, lighting and irrigation system. Grassy areas are being reshaped and plantings will begin soon. Royal Glen had to have an irrigation pump replaced.*

*Several of our Representatives will be up for re-election or may be passing the baton. Look for your general Village meeting times and dates soon.*

*Cypress Bend Village an issue/ concern with speeders down the main entrance coming from the county road near Craft Farms north or driving out of Craft Farms to the county road. The police are monitoring your speed. PLEASE PLEASE be aware of not only the speed you drive but the many walkers with their furry friends and bicyclists just out enjoying their daily exercise. Speed limits are posted so be advised and leave for your appointments or work earlier so you don't have to speed. We have a lot of landscape trucks etc. on that street most times too.*

*Enjoy our Fall weather coming to your village soon!*

*The Craft Farms POA Board*
